THE PEARL OF THE PACIFIC BORA BORA

Just one hour's flight away from the islands of Tahiti and Moorea lies the captivating and romantic island of Bora Bora.

You will be entranced by the sparkling, translucent waters of the lagoon. Towering rugged mountains and the dense tropical vegetation. The warm welcome by the inhabitants of the island will make you feel at home on this Island Paradise which attracts celebrities, artists, newlyweds, and adventure seekers in search of an authentic nirvana. Two volcanic peaks dominate the heart of the island of Bora Bora, creating an impressive backdrop in contrast to the lagoon waters that

change constantly from emerald greens to the deepest of blues.

A 32km long road runs the length of the coast, making it possible for you to go completely around the island and almost never rise above sea level. By bicycle the road may seem a bit difficult, but by scooter or car, you can enjoy the landscape without getting tired.

Bora Bora is a place of relaxation but with many excursions and activities also available for people who wish to stay active, including: snorkelling, fishing, romantic excursions, diving and Sailing.
